SUPERINTENDENT'S REPORT

The development of the Mascoma Valley Regional School District during the past year has been watched carefully by interested people all over the state. Folks in Orange are to be commended for their role in this movement and should look forward to improved educational opportunities for their children in the future. No one has ever anticipated that this program would be less expensive than a tuition program but we hope that the tax load will not be excessive.

Although Orange goes out of existence as a school district on June 30, 1963, we expect to continue serving the people and pupils of the town as a part of our work with the new Regional.

Respectfully submitted,

EDWARD H. CURRIER

PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Costs of surprising carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control —pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help .
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to instill in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had one fire.

We burned one acre.

Permits issued — 6.
